How will your club prepare its new members to work in Pathways? Who will be responsible for showing them around Base Camp?

We have a folder with information on how to get started and our Mentors are always on hand to do walkthroughs. The VPE is also available to show them around Base Camp.

What are some ways to motivate members to progress through Pathways?

Bi-weekly reminders to log your speeches in Pathways; also reminding members that completing their Pathways not only helps them achieve their personal goals, it also helps the club meet its goals. Give out tokens of recognition when someone completes a Pathway level. Host an outing for those who complete levels.

Membership

Membership Goal by June 30

21

What is your club's plan to motivate its current members to renew?

We have an active Mentorship Program, as well as an engaged VPE. Through our Mentors and Pathways, we actively encourage and support members in achieving their stated goals.

What is your club's plan to gain new members?

Holding a Membership Challenge where members are encouraged to invite at least 1 guest to each meeting and the member who's invited the most, wins a prize. And if a guest becomes a member, than the member who invited them wins a prize. Up our social media and local presence.

Training

Which officers will attend training?

June - August: 7 of 4

November - February: 7 of 4

What are some ways to motivate officers to attend an officer training session?

The main issue is finding a day where we can dedicate 3 hours to the new training module. All the officers are motivated by a supportive team and in-person training opportunities.

What current obstacles does your club have in achieving its administration goals and what can be done to overcome them?

Currently no obstacles - at least not in terms of ease of payment. The only issue going forward is the higher dues, we did have at least one guest who chose not to join because they couldn't afford the fees.

Committee Values

How will the Club Executive Committee follow the Toastmasters International Values?

All officers embody all these values at all meetings. Plan to take turns facilitating the Monthly Meetings this year.

How will decisions be made?

By discussion and vote.

How will the Club Executive Committee resolve differences of opinion?

It depends on the issue. Discussion, voting, putting a question to the general club members, and compromise if one can be found.

How will the Club Executive Committee be held accountable for its responsibilities?

We're a close team and we support one another and have no issues stepping up when someone has an emergency or a life situation.

On a scale of 1 to 5 how motivated are members to attend club meetings?

4

On a scale of 1 to 5 how motivated are members to sign up for meeting roles?

3

If your club scored two or less in the above two questions, what factors led to the club scoring itself?

N/A

What strategies will your club use to ensure members consistently attend club meetings and take roles?

Encourage members and remind them that joining Toastmasters was a goal of theirs and in order to achieve their goals, taking on a meeting role is step towards that.
